

Coral Princess

Purple Prince

Snow Queen

Yellow Sovereign

Phygelius Croftway™ Series

GENERAL DESCRIPTION

Compact and long blooming, the cultivars in this series cover a range of colors, including the first truly white *Phygelius*. All are of uniform size and growth, with denser flower spikes and stronger stems than other varieties.

- **Coral Princess**—salmon with hint of soft yellow in the throat
- **Purple Prince**—vibrant violet
- **Snow Queen**—pure white with pale yellow throat
- **Yellow Sovereign**—creamy yellow

USES

These can be planted in the middle of the border or in smaller gardens, and are terrific in containers. They provide color all summer with minimal maintenance.

GARDENER TIPS

- Plant in full sun in well-drained soil.
- Keep soil evenly moist, but do not overwater.
- Fertilize regularly.
- Mulch in fall for winter protection.

PLANT DATA

- Height: 15–18"/24"
- Spread: 18"
- Bloom time: May–Aug
- USDA Zone: 7(0°)
