

## Salvia Sensation Series

### GENERAL DESCRIPTION

These perennial *Salvias*, although dwarf, are well-branched, strong growers. All are profuse bloomers in soft colors and valued for a compact, tidy habit, as well as being deer and rabbit resistant. *Hybridized by Florensis.*

- 'Sensation Deep Blue'
- 'Sensation Rose'
- 'Sensation Sky Blue'
- 'Sensation White'

### USES

This series exhibits sensational performance in perennial borders, rockeries and containers.

### GARDENER TIPS

- Plant in full sun and well-drained soil.
- Allow soil to dry thoroughly between waterings.
- Remove spent flower spikes to keep plant tidy.

### PLANT DATA

- Height: 12"/12"
- Spread: 12"
- Bloom time: May–Aug
- USDA Zone: 4(-30°)
