

Blue

Violet

Scabiosa Mariposa Series

GENERAL DESCRIPTION

Large pincushion flowers are fully double on sturdy stems. Compact, the Mariposa Series produces loads of blossoms floating above bushy, mildew-resistant, gray green foliage.

Blue—lavender blue

Violet—deep violet

USES

A long and profuse bloomer, these *Scabiosas* are ideal in beds and borders, either alone or in groups, even massed in large numbers for impact. Easy to grow as long as soil isn't wet, especially in winter, they attract butterflies and other nectar feeders and are a must in a cut flower garden.

GARDENER TIPS

- Plant in soil that drains well.
- Fertilize moderately.
- Remove spent flowers for best appearance.

PLANT DATA

- Height: 10–12"/18"
- Spread: 12"
- Bloom time: Jun–Oct
- USDA Zone: 5(-20°) (still being tested)
