Perennial

USDA Hardiness Zone: 3(-40°)

Papaver Orientale Allegro

Genus Papaver

Variety `Allegro`

Exposure Full Sun

Height 12-18"

Spread 18"

Description Dwarf, compact clumps of bristly, fernlike foliage send up giant, glowing orange blooms on strong stems. Spectacular in borders and as cut flowers.

Care Best in fertile, well-drained soil. Prolong cut flower life by scalding stem ends right after cutting.

Bloom Time Late Spring- Summer
