## Salpiglossis Blue

|                    |  |
|--------------------|--|
| <b>Genus</b>       | Salpiglossis   |
| <b>Variety</b>     | Blue   |
| <b>Exposure</b>    | Full Sun   |
| <b>Height</b>      | 32"  |
| <b>Spread</b>      | 18"  |
| <b>Description</b> | Large, velvety, deep purple blue, funnel-shaped flowers. Upright growth and slender stems. Add to midborder, beds and use as cut flower. |
| <b>Care</b>        | Prefers light, well-drained soil. Needs consistent moisture, but not wet feet. Protect from high winds.                                  |
| <b>Bloom Time</b>  | Summer- Frost  |
