## Cabbage Ornmntl Crane Bicolor

<b>Genus</b>	Cabbage
<b>Variety</b>	Crane(TM) Bicolor
<b>Exposure</b>	Full Sun to Part Shade
<b>Height</b>	24-36"
<b>Spread</b>	6"
<b>Description</b>	Rosette of gray green outer leaves, creamy white inner leaves and blush pink center. Tall, sturdy stems good for cutting. Eye catching in beds, borders and containers.
<b>Care</b>	Prefers cool conditions. Water regularly. Remove lower leaves as stem elongates, to form rosette at the top of the stem.

Annual
