## Hosta Paul's Glory

|                 |                    |
|-----------------|--------------------|
| <b>Genus</b>    | Hosta              |
| <b>Variety</b>  | 'Paul's Glory'     |
| <b>Exposure</b> | Part to Full Shade |
| <b>Height</b>   | 15"                |
| <b>Spread</b>   | 17"                |

**Description** Soft chartreuse foliage matures to brilliant gold with wide blue edge, then to golden white. Lavender blooms rise above the leaves. Border, shade garden.

**Care** Thrives in moist, well-drained soil with high organic content. Protect from slugs and snails.

**Bloom Time** Early Summer

Pollinator Friendly

Perennial

USDA Hardiness Zone: 3(-40°)
