

Annual

Lobularia Stream White

Genus	Lobularia
Variety	White Stream(TM)
Exposure	Full Sun to Part Shade
Height	6-8"
Spread	12"

Description Fragrant clusters of white flowers bloom all summer; a vigorous, rounded, semitrailing variety with a fine, delicate texture. Ideal for containers and hanging baskets.

Care Requires evenly moist, but well-drained soil. Shear and fertilize in hot weather to restore vitality.
