Setcreasea Purple Heart

Genus	Setcreasea
Variety	'Purple Heart'
Exposure	Full Sun to Part Shade
Height	8-12"
Spread	20"

Description Trailing tender perennial with rich deep violet stems and leaves. Dark pink blossoms in summer. Ideal for baskets, mixed borders and as a ground cover.

Care Prefers moist soil, but is heat and drought tolerant. Best foliage color in bright sun. Pinch for bushiness. Cut back after flowering.
