Solidago Fireworks

Genus	Solidago
Variety	'Fireworks'
Exposure	Full Sun to Part Shade
Height	24-30"
Spread	30"
Description	Arching spires of tiny, bright yellow flowers on dense, plumelike panicles. Dark green, lacy mound. Add to wild garden, meadow or naturalized area.
Care	Prefers medium to wet, well-drained soil. Remove spent blooms. Divide every 2 to 3 years to control size.
Bloom Time	Fall
