## Fatshedera Angyo Star

<b>Genus</b>	Fatshedera
<b>Variety</b>	Angyo Star(TM)
<b>Exposure</b>	Part to Full Shade
<b>Height</b>	60-72"
<b>Spread</b>	72"

**Description** Tree-like shrub with semi-upright stems of thick, sweet-gum shaped leaves that are rich green with creamy white borders. Perfect for wall-side borders.

**Care** Grow in well-drained soil with moderate water. Prune in spring to encourage branching.

Drought Resistant

Deer Resistant
