Tradescantia Concord Grape

Genus	Tradescantia
Variety	'Concord Grape'
Exposure	Full Sun to Part Shade
Height	8-12"
Spread	18"

Description Concord grape colored flowers with yellow stamens open daily over a long season. Narrow, keeled, blue-green, iris-like foliage. Perfect by water and in woodlands.

Care Prefers moist to wet, humusy soils. Remove spent stems and cut foliage back hard in summer when it declines.
