Annual

Pennisetum Fireworks

Genus Pennisetum

Variety `Fireworks'

Exposure Full Sun

Height 36-48"

Spread 36"

Description Colorful, upright grass with white, green, burgundy and hot pink longitudinal stripes. Showy, burgundy red, tassel flowers don't reseed. Good in borders and containers.

Care Grow in warm, moist, well-drained soil with moderate water. Organic mulch helps retain moisture. Cut back in winter.

Bloom Time Late Summer

Patent USPP #18504

Drought Resistant

Deer Resistant
