

Pansy Cool Wave Raspberry

Genus	Pansy, Spreading
Variety	Cool Wave® Raspberry
Exposure	Full Sun
Height	6-8"
Spread	30"

Description Cool Wave pansies spread twice as far as regular pansies and that means tons of flower power! Great for baskets and containers. Excellent cold weather tolerance when planted in the ground. The fastest-growing, longest-lasting, truly trailing pans

Care Best in fertile, well-drained soil. Water as needed to keep soil evenly moist, especially in hot weather. Remove faded flowers.

Bloom Time Spring- Fall

Perennial

USDA Hardiness Zone: 5(-20°)
