

Epimedium Domino

Genus	Epimedium
Variety	'Domino'
Exposure	Part to Full Shade
Height	18-24"
Spread	24"

Description Very abundant arching spikes of airy, maroon-cupped, white-spurred flowers above long, spiny, amber-mottled green leaves. Groundcover, shaded borders and slopes.

Care Plant in well-drained soil with shelter from wind. Prefer moisture, but tolerate dry shade. Apply a slow-release fertilizer in spring.
