

Epimedium Galadriel

Genus	Epimedium
Variety	'Galadriel'
Exposure	Part to Full Shade
Height	8-12"
Spread	18"

Description Rich cherry red, spidery flowers with white spurs hover above large, bronze-tinged leaves in attractive mounds. Striking woodland groundcover or shaded border edging.

Care Plant in well-drained soil with shelter from wind. Prefers moisture, but tolerates dry shade. Use a slow-release fertilizer in spring.
