Coleus Main Street Rodeo Drive

| | |
|--------------------|---|
| Genus | Coleus |
| Variety | Main Street Rodeo Drive |
| Exposure | Full Sun to Shade |
| Height | 16-36" |
| Spread | 24" |
| Description | Lime green leaves with a ruffled, lobed, deep mahogany edge overlaid with freckles. Containers, houseplant, border edging, underplanting. |
| Care | Moist, well-drained soil with regular water. Apply a slow-release fertilizer in spring. Remove flower buds to prevent decline. |
